## I N T R O D U C T I O N

In the Spring of 1988, Topeka Genealogical Society was offered a set of record books by the Clerk of the District Court of Shawnee County, Topeka, KS. The books numbered in excess of 285 and had been previously microfilmed by both the Court and the Kansas State Historical Society.

Although the society had limited space, the Executive Board agreed to accept the records and volunteer members moved them to a rented storage area. In the process of moving, more than 300 record books were designated by the Court for disposal and all were moved to the storage facility by members, Joe Breitenstein, Don O'Toole and Verne Stephens.

A subsequent audit of the records by Dan Fitzgerald of the Kansas State Historical Society revealed that some of the books had not been filmed and as well, were not suitable for release to the public. These books were given to KSHS for filming and return to the Court.

As the inventory of the materials progressed, four books of early Naturalization Records and seven books of such records considered to be originals because of the signatures of individuals, were found.

These eleven books are the source for this publication. Each book has its own index but since the same person may appear in one or more books, this combined index was prepared. Original Declarations of Intention (to become a citizen)(DOI), Naturalization documents (NAT), Certificates of Arrival and Affidavits of Witnesses are in the original books. Affidavits are not indexed, but are available for study when the appropriate surnames are located. Certificates of Arrival are likewise not indexed and several variations of surnames were noted. Whenever surnames are different, the names are cross-referenced in this index.

Each book was indexed by a different person or husband and wife team. The work was done on their personal computers using a common database program. The individual lists were proofed by other members and the resulting eleven databases merged into one for alphabetizing and printing.

During the preparation of this work it was noted that the books were not numbered consecutively and this led to a belief that some books were missing. The books on hand in the TGS Library are marked A; B; C; E; 1 (or I); 2 - 7. This fact was confirmed by visits to the Shawnee County Courthouse where copies of the microfilm was examined and to the Kansas State Historical Society Library where copies of work done by the DAR were examined. Inquiries to the Federal District Court and the Central Plains Branch of the National Archives produced no additional leads. As a result, names may appear in the index with only a reference to a volume number (or letter) which have not been found and are considered by local genealogists to be lost.

## A C K N O W L E D G M E N T S

The following members of Topeka Genealogical Society contributed to the production of this work and their efforts are hereby acknowledged and the thanks of the Executive Board extended in appreciation:

Data entry: William Gaulding; Roy & Dianna Hilleburt;  
Leah Kimmel; Richard and Janice Kleinschmidt;  
Don & Shirley O'Toole; Ronald & Erma Payne;  
Sarah Sanders; Betty Wood.

Proofreading: Gertrude Booth; Martha Bryant; Nancy Jones;  
Lea Ann Kaufman; Helen King; Barbara Larson;  
Melinda Marlar; Charles & Betty Marling;  
Roz McLelland; Sharon Smith; Rosa Wright.

Computerized Graphics and Printing: Don O'Toole
