FOREWORD

After four long years-

Checking original licenses with the marriage books in the Shawnee County, Kansas Probate Court;
Microfilming original licenses or applications, if the license was damaged or missing;
Entering the names of the bride and groom with the date of marriage, reel and frame number of each license in a computer; and
Proofreading.

We believe we have a complete record of every marriage in Shawnee County, Kansas, and an index that will be valuable to those searching records in this county.

This book was completed and published with the permission of the Third Judicial Court for the State of Kansas, and through the able assistance of Richard Schultz, the Court Administrator.

Because this is an INDEX to the microfilmed marriage license, only the name and date of marriage with reel and frame number are included. If you find a name of interest, you may want to see the microfilmed copy of the license which could provide more information. After the bride's name there is the date- month, day and year, for example, you will find C#8 Seq#595, meaning that the marriage can be located on Roll #8 and Seq or Frame #595. To see this record, you would ask for Roll #8 and search until you find Frame #595 or the license you were searching for in the records, of the probate court.

Some of the earliest licenses were only scraps of paper, written in pencil. Not, ALL, but many of the later licenses have age, name, residence and name of parent if the person was under age, and the name of the clergyman or judge who performed the ceremony and where the marriage took place. Often a license was obtained in this county and the marriage occurred in another county.

The licenses were microfilmed in chronological order by date issued; the date in the book is the date of marriage since in some instances there were several months between the date issued and the date of marriage. Some of the licenses are not completely filled out - only the application, but on the back the date the licenses were issued and filed are both dated with the same date as the application. Usually, the license, that was not used has a notation across the face of the license, stating that it was not used. On one there is a note that the bride died before she was married.

There are two parts to the book: the first is the marriages and index to the microfilm. The second part of the book is the Bride's Index which reads across the page alphabetically and refers to page and line number in the Groom's index. The asterisk (*) is used to denote a variant spelling or an entirely different name. The writing was difficult to read - is it an A or O, E or I, M or W, U or N?? C-1 is Roll/Reel One and Sequence (Seq.) #10 is Frame #10.

During the proofreading we found two marriages with different names that were not entered in this record, with a variant spelling.

LOBACH, Martain E.	WYATT, Bessie M *(WRIGHT, Bessie M)	12/27/05 R-8; F847
JOHNSON, Ed.	KERLE, Minnie *(CURL, Minnie)	10/18/05 R-8; F684

Due to the historical value and limited number of copies that were printed, we suggest that when you no longer have a need of this book, please do not throw it away, but offer your copy to your public library or return it to the Topeka Genealogical Society, or the Court. Thank you.

THE TOPEKA GENEALOGICAL SOCIETY
P.O. BOX 4048
TOPEKA, KANSAS 66604

ACKNOWLEDGMENTS

The Third Judicial District Court for the State of Kansas, especially recognizes Katy Matthews, who served as coordinator for this project. Without her assistance and the other members of The Topeka Genealogical Society, this book would not have been published.

Members of The Topeka Genealogical Society who have worked on this project were:

Margaret Smith; Esther Schultz; Shirley O'Toole; Jill Herzog; Marilyn and Lester Damme; Dorothy Robinson, Jo Spatz; Carolyn Taylor; Iona Spencer and Katy Matthews.
